Privacy Policy

We - the authors of *More Spins - Coin Master Links*, strictly respect your privacy. Because of that - to provide the best experience possible, we collect only a minimum of the data.

1. The data we need contains only information about your device and application behavior. We do not collect any personal information about you.
2. We will never sell, trade, or disclose any information you may give us.
3. Although we do not attempt to track your personal information ourselves, the application uses third-party services to serve various features which might do so. In the list below, you can find the third-party services, with information about why we use them and links to their respective privacy policies.
   a. AdMob - in-app advertisements - advertisements help us with providing you with our app free of charge
      i. https://policies.google.com/privacy
   b. Firebase Crashlytics - used to collect information when application does not work as expected so we can fix it for you as soon as possible
      i. https://firebase.google.com/support/privacy
   c. Google Analytics for Firebase - we can learn more about performance and behavior of the application so we can improve your experience even further
      i. https://firebase.google.com/terms/analytics - Google Analytics for Firebase Terms of Service
      ii. https://firebase.google.com/policies/analytics - Google Analytics for Firebase Use Policy
      iii. https://business.safety.google/adsprocessorterms/ - Google Ads Data Processing Terms
   d. Cloudflare - network quality - this is what makes our application robust and available world-wide
      i. https://www.cloudflare.com/privacypolicy/
